Dear Brother Froula:

Your letter of 10 July 1984 to LTC Rutledge has good advise related to Sigma Tau Pyramids. I agree that the local Tau Beta Pi chapters should take care of the monuments.

Actually, I suggested that the Pyramid here at the University be done away with when it becomes an eyesore. To date it has held up well, and nothing needs to be done. The remaining organization is Tau Beta Pi, and I do not feel that the Sigma Tau marker need to be kept indefinitely. In some locations, however, the local people may want to keep the monuments for some extended period of time.

Thanks for sending a copy of your note. Let me know if I could be of any service.

Cordially,

George
